

MONSTER IFREEPLAY

\$TBC www.monstercable.com

Headphones with wires? Ha ha ha ha! That, in the style of those 1970s robots who would mock puny Earthlings mashing potatoes, is what we say to your cabley faux pas. We just whack a Shuffle into the integrated dock on this and get frugging. When berthed, all iPod controls are still fully accessible, and the headphones fold down to pocket size too.
